APPLICATION FORM

MSCC Certified Technician Qualification Criteria

What Does MSCC 'Gold Standard' Certification Mean?

The Mechanical Service Contractors of Canada (MSCC), as a division of MCA Canada, offers our members exclusive access to the MSCC Gold Standard Certified Technician designation which confirms our members hire the best-trained and experienced technicians in the industry. It's your guarantee that you're the top professional in your specific trade. It also means you have completed a stringent, multi-year apprenticeship program, achieved journeyman status and passed a comprehensive MSCC Certification exam in your area of expertise. MSCC Certified Technicians are the best, most efficient, highly skilled workers available.

How To Become An MSCC 'Gold Standard' Certified Technician

Application & Testing Process

To become a MSCC Gold Standard Certified Technician you must complete and submit the application form and pass the online exam. MSC will then provide with access to the online exam site as well as a unique username and password to access the online test. You have 30 days to login and finish the multiple-choice test. The test is taken online and consists of 30-40 questions. The test must be completed within 2 hours. A pass is a minimum 70%.

Your mark will be provided immediately upon completion of the test and notification of your mark will also be sent immediately to the MSCC Certification Committee. A certificate and wallet sized certification card will be provided to you upon successful completion of the process. Only employees of MSCC members can apply.

Preparation

This exam was designed by service managers and technicians. It is intended to test your skills, competency and common sense in several areas specifically relevant to your trade. It was developed for the journeyman service technician in a fair and professional format.

Current Trades Available For Testing

The MSCC Certified Technician's program enables MSCC members to receive industry recognition for their training and technical skills in the following trades.

- [HVAC Service Technician](#)
- [Plumbing Technician](#)

Required Documentation & Commitment

To sit for the MSCC Certified Technician exam you must:

- a) Training – provide a qualified journeyman license
- b) Experience – supply written endorsement from your employer
- c) Written Exam – write the online exam in your specific area(s) of expertise
- d) Commitment – sign and submit annual commitment form stating you continue to meet the criteria
- e) Education – maintain proof of ongoing education through a minimum one course per year
